

# INEZ TENENBAUM: Looking Out for South Carolina's Coasts and Economy

South Carolina has some of the best beaches in the world. And numbers show that millions of tourists agree. Fact is, the majority of the 30 million people who visit our state annually come to shop, fish and sun themselves on our coasts — and spend more than \$7 billion dollars each year enjoying themselves.

Inez Tenenbaum understands that coastal recreation and tourism are the driving forces behind our Lowcountry economy. That's why she's pledged to protect our coasts and to honor Senator Ernest Hollings' legacy of looking out for South Carolina's beaches, oceans and fisheries.
